CIVIL SERVICE "HEADACHES" ARE BROUGHT UP AT SPECIAL FIRE DEPT. MEETING MONDAY

CAPTAIN PAUL GREEN RESUMES HIS SEAT ON CITY COUNCIL

Narcotics Board Commends Local Police Department

Captain Paul Green, former Daly City mayor, resumed his seat on the city council Monday night after some 17 months' absence.

Councilman Green, who has been confined to an army hospital at Denver, Colorado, is home on a three-week furlough. The captain's seat on the council was vacated Monday by Howard McHugh, who stepped down from his temporary appointment.

Otherwise, the meeting was comparatively uneventful. Approval of a new fire department ordinance expected at this session was delayed for further consideration.

Only other action which did not come under the heading of routine business was the appointment to the civil service board of review of James Baird, 1057 Brunswick street.

A letter was received by the council from the state narcotics board commending the Daly City police department for its recent capture of a long-hunted dope smuggler.

Reports on sanitation, gas consumption and traffic control were submitted and approved.

In other, routine actions, the city council unanimously:

Allocated a donation of $50 to the American Red Cross;

Approved payments for work done on Woodrow street, when the work is completed, and accepted a statement from the Sterling Building Co. on progress of work in the Hillside Manor subdivision;

Endorsed a permit for the Pacific Telephone and Telegraph Co. to install power facilities in the sidewalk area of Mission street between East Lake and Como avenues.

A petition from 13 residents of Edgewood Terrace protesting allegedly damaging practices of the Sterling Building Co. in the Hillside Manor project was referred to Robert Classen, city engineer, for investigation.

Wesley Walker Gets 90 Days

Wesley R. Walker, 21, 150 East Vista avenue, was sentenced to 90 days in the county jail last week on conviction of petty theft.

Walker and a youthful companion were arrested February 1 by Officer Henry Sundermann for stealing a March of Dimes bank from the Daly City Creamery.

Five days of the sentence were commuted in recognition of the five days Walker spent in jail awaiting sentence.

Walker's young accomplice, who confessed the theft, has been turned over to juvenile authorities.

Mrs. Cook Writes From New Mexico

Word of the weather in New Mexico was received here this week by friends of Mrs. Louise T. Cook, who flew there last week for her brother's funeral.

The prominent Daly City woman, former chief clerk of the Daly City Water Company office, said the ground was covered with eight inches of snow; that its beauty was "indescribable."

Mrs. Cook flew east for the funeral of her brother, A. P. Tarkington, former adjutant general of New Mexico, who died January 30.

Health Director Exams Set Feb. 18

Written civil service examinations for the job of county health and public welfare director will be given February 18, according to announcement last week by Russell J. Cooney, personnel director for the commission.

The examinations will be given in 29 cities throughout the United States to 45 qualified applicants. Oral examinations will be given later to the 12 highest in the written exam.

The director's post, vacated last year by Dr. Charles Gans, calls for a salary from $12,000 to $15,000 yearly. It has been occupied by Dr. Harold Marks since Gans' retirement.

Rod and Gun Members Have Week-end Outing

Bass fishing enthusiasts of the Daly City Rod and Gun Club had a field day last week end at Rio Vista.

Leaving for the fishing rendezvous at noon Saturday, the men had enlarged their fish catches, and subsequently their fish stories, considerably by evening.

Largest catches were taken by John Grunberg and Ed Mierding, who each had caught a seven-pound bass by sundown.

Another feature of the outing was cards, with Gene Burton and George Archer coming out on top.

Lions Fete Ladies At Wed. Luncheon

Daly City - Colma Lions Club members entertained their ladies at luncheon Wednesday noon.

Mrs. Katheryn Sullivan, guest speaker, gave an account of Women's Protective Officer No. 1, of the San Francisco police department, her interesting experiences in over thirty years of police work.

Miss Leontine Oberg of Jefferson Union High school rendered two numbers on her harp. Miss Oberg's music was received enthusiastically.

Stanford Hannah presided until program time when he turned the meeting over to Arnold Panella, who introduced the speaker.

"Tail Twister" Elio Fontana was merciless in his pursuit of ten cent fines. Noisy members and those who forgot to wear their membership buttons were the tail twister's favorite victims.

The luncheon was served at Estrada's Spanish Kitchen, the club's regular meeting place.

Guests included Mesdames Carl Haas, Alexander Jama, R. L. Crane, W. J. Lehigh, William Sweeney, Paul Selmi, Elio Fontana, A. M. Harrison, Ira Neville, Stanford Hannah, Arnold Panella, William Degliantoni, Tina Hollingsworth, Ivan Budaeff, Aldo Arnaudo, Mrs. Zipse, Amelia Keane, Art Kloth.

They All Had A "Tumbling Good" Time At H.S. Gym

The gymnasium of Jefferson high school echoed with excited shrieks and peals of laughter last night as four local teams of basketball players, mounted on donkeys, vied with each other in two exhibition tilts.

An atmosphere of hilarity prevailed over the audience of high school students sprinkled sparsely with adults, as the school faculty clashed with the Lions Club and the Colma Boys Club met the Daly City Ringers.

Excitement reached several high pitches throughout the evening, as men tumbled from their burrows to catch the ball, and crazily attempted to scramble back up to pass it.

Rules provided that the players must be mounted while passing or throwing for the basket. It was a difficult task, with the mules being coaxed with carrots, kicks and nudges and even fervent pleas. Bill Degliantoni, a Lion, went so far as to mount his donkey backwards, when the animal refused to be propelled.

No extra antics were necessary to make the games appealing. Walter Lehigh, Elman Rose and Melford Battye were one of the mad combinations tussling for the ball between a bewildered mule's legs.

The games ended in 4-0 for the Boys Club and 16-6 in favor of the faculty. But the score was 100 per cent for "tumbling." Not one frustrated player could keep from falling from his mount.

High point man for the faculty was Elman Rose, who lined up eight points by stationing his stubborn burrow directly under the basket. Other proud scorers were Glenn South, "Toughie" McGrath, and "Roadmaster" Miguel of the faculty. "Muscles" Mongan, "G.I. Joe" Volbrecht, "Hot" Pfeffer, "Spider" Mosely, "Admiral" Matthews and "Vic" Binsacca retired bruised and unsuccessful.

Ed Weisenburger, manager of the Lion hoopsters, furnished a supply of carrots for his team—Arnie Panella, Bill Degliantoni and Joe Lewkowitz, who scored, and Gil O'Shaughnessy, Ripper Zipse, Al Jama, Walt Lehigh and Mel Battye, who didn't.

The Boys Club and the Ringers, a bunch of younger, lankier players, gained no advantage from their age nor size. They fell as often and as hard, painting as awkward a picture as their panting predecessors.

All members of each team took their turns on the donkeys, turning their animals over to the next players gladly, after unsuccessful bouts with the independent creatures.

Champions of the evening, according to popular opinion, were the mules.

In an authentic game before the exhibition tilt, the Colma boys downed their contenders by a score of 22-7. The game was one-sided throughout, with Ben Perodi scoring high.

ND Officer Entertains Prospective Members

Mrs. Frank Donofrio of Daly City, grand trustee of the Native Daughters of the Golden West, was hostess last Friday night to a group of prospective Native Daughters.

Mrs. Donofrio accompanied the girls to Menlo Park, where they witnessed the installation of N.D.G.W. officers.

He Not Only Freed Men . . . He Emancipated Our Minds From Enslaving Thinking

The concepts to which Lincoln's efforts gave life are true, noble and still in need of champions. On his birthday the story will be told again and again of the rise of the child born in a log cabin, to the capital of these United States. As we retell that story, let us each rededicate ourselves to his principles of freedom.

County Rent Board Gets Independence; Rents To Go Up

Increases in rent throughout San Mateo County appeared almost certain this week when the county's Rent Advisory Board was granted autnomy by Tighe E. Woods, national housing expediter.

The recent action culminated a month - long fight by the local board for separation from the eight other Bay Area boards. First move for autonomy was made in December when the other boards voted down the "San Mateo resolution."

Independence was granted, Woods' communication explained, "due to variations in rental conditions peculiar to your area."

Damian Reynolds of Hillsborough, chairman of the board, scheduled a meeting for next Monday to recommend that rents be increased a "reasonable amount."

Reynolds said the board still intended to raise rents in proportion to increased taxes since 1942, and increased cost of maintenance since that date.

However, according to announcement Tuesday by Damion Reynolds, chairman of the local board, the San Mateo county group will take no action until a new rent control bill has been passed by congress. The present law expires March 1.

Gala Box Social Marks Membership Drive At Wilson

The forthcoming membership dance was the main topic of discussion Tuesday at the executive board meeting of Woodrow Wilson Parent Teacher Association at Mrs. Frieda Cady's home.

Mrs. Eleanor Cameron and Mrs. Genevieve Haynes were co-hostesses.

The dance, originally scheduled for February 14, has been postponed until February 28 at Masonic hall. A box social will be the theme, with slacks and house dresses the style. Mrs. Marjorie O'Chander is in charge of ticket sales.

Board members brought their donations of food for the rummage sale and bazaar, March 12, of which Mrs. Eleanor Cameron has charge. Sewing meetings are still being held at the home of Mrs. Haynes, 452 San Diego avenue, each Wednesday at 1 p. m.

Mrs. Ruth Emerson announced that the graduation party held Wednesday, February 4, was received with enthusiasm by the graduates. Luncheon was served by Mrs. Ruth Emerson, chairman, and Mesdames Hilda Heagney, Catherine Duffy and Eleanor Cameron. Mrs. S. C. Young, mother of a graduate, decorated the table. The rest of the afternoon was spent playing games.

Thursday, February 26, is the date of the next hot dog luncheon.

Founders' Day meeting will be held next Tuesday in the social hall of Nazarene church, 101 Vista Grande, at 2 p. m. Mrs. Ruth North, chairman, and her committee have planned an outstanding program, while Mrs. Virginia McClintoch and Mrs. Thelma Hamilton are in charge of refreshments.

Colma P.T.A. Schedules Sewing Circle Meeting

Mrs. Frances Landi and Mrs. Mae Baybayan will be hostesses next Tuesday to the Colma Parent Teacher Association at its sewing circle meeting in the Community Center.

The meeting is scheduled for 1:30 p. m. Reservations may be made with Mrs. Landi,. DElaware 3-3676, or Mrs. Baybayan, JUniper 5-3656.

Founders' Day Observed Tuesday By Crocker P.T.A.

An album of recordings on the history of the Parent Teacher Association was presented to Crocker P.T.A. members Tuesday, at the annual Founders' Day meeting, by Mrs. Marge Calvin.

Corsages were presented by Mrs. Eve Hobbs, Founders' Day chairman, to all past presidents and honorary life members in attendance.

A traditional candle lighting ceremony was conducted by Mesdames Florence McKay, Mary Wakefield, Betty Kohlbrenner, Florence Schmidt, Eve Hobbs and Frances Haussler.

"Memories" was sung by Mrs. Carol Freeland in honor of past administrations. Life membership certificates were awarded to Mrs. Kohlbrenner and Mrs. Edna Mullen, by Mrs. Ann Eason.

During a brief business session, the association decided to provide jerseys for recreation teams at the school, and allocated a donation for the American Red Cross.

The association also planned to join with other units in the purchase of robes for district Mother Singers. Funds will be raised by a jointly sponsored whist party.

Court St. Mary To Have Social Gathering

Grand Regent Jeanette Lacchine of Court St. Mary, Catholic Daughters of America, announced this week that next Thursday's meeting is a social gathering. Christine Stephensen is in charge of the program.

A large whist party is planned for Thursday, March 4, at Masonic hall at 8:30 p. m. Christine Stephensen is acting chairman, with a large committee.

Gladys Walden has asked all members to bring their labels for the Lady Go Lucky program to the next meeting.

FIREMEN HAVE ANNUAL BANQUET

A program of masculine entertainment was enjoyed last Saturday night by more than 100 guests at the annual stag banquet of the Veteran Firemen's Association.

The evening honored George Ford, outgoing association president, and his successor, Fred Mather.

Numbered among the guests were delegations from the San Francisco fire and police departments.

Albert Sundstrom was toastmaster for the affair. "Long hair" entertainment was provided by Captain Thomas J. Joyce and his Merry Men, a "symphony" orchestra of bells, whistles, horns and pot lids.

Dope Possessor Pleads Not Guilty In Muni Court

Rose Lopez, 31, entered a plea of "not guilty" and waived preliminary hearing before Judge William J. Sweeney in municipal court last Friday.

Mrs. Lopez was bound over to superior court to stand trial on two charges of illegal possession of narcotics. Complaint was signed by a state narcotics agent.

Daly City police arrested Mrs. Lopez at a local auto court January 29, after investigation of a tip given them by the proprietor. Capsules of the drug, heroin, valued at approximately $1,000 were found in her apartment, while several capsules were concealed on her person.

Mrs. Lopez is being held in the county jail at Redwood City in lieu of $10,000 cash bail or $20,000 bond. Request for reduction of bail was denied by Judge Sweeney.

COWGILL ANSWERS D.A.'s CRITICISM OF LENIENCY

Probation Officer John S. Cowgil this week hastily voiced defense of the department's probation policy after an attack last week by District Attorney Gilbert D. Ferrell.

"I wouldn't want the specialized use of probation to suffer for the failure of any particular case," said Cowgill, in answer to Ferrell's reference to the Harley V. Hunley case.

Ferrell's criticism was prompted by the arrest of Huntley as ringleader of a group of gangsters who allegedly tortured and robbed a Palo Alto and San Francisco restaurateur and his family February 1.

Investigation showed that Hunley had been released by Superior Judge A. R. Cotton after serving three months in the county jail on a theft conviction. Superior Judge A. M. Runnells of San Benito County, sitting here, had delivered a sentence of six months and one year probation, but Hunley was released on a plea that he had to take care of his ailing mother.

In his defense of the probation policy, Cowgill said:

"It should be taken into consideration that out of 127 adult cases referred to the probation department last year for investigation, well over half received probation. Of this number, fewer than 10 ever failed to live up to the terms of probation.

"The easiest thing to do," he continued, "would have been to send them all to jail. The taxpayers would have footed the bill, and of course, many of the men and women who have successfully completed their probation may well have become hardened criminals through their association in our overcrowded prisons."

CITY COUNCIL MEMBERS MAKE EFFORT TO IRON OUT DIFFICULTIES BEFORE NEW ORDINANCE IS PASSED

The question of civil service status, appointments and classification in the Daly City Volunteer Fire Department was layed entirely in the hands of the fire commissioners at a special department meeting Monday night.

The meeting was called by fire commissioners to determine the sentiments of the volunteer firemen on the much debated problem. The fire commission had been asked by the council for a recommendation.

Charging that "they have made a political football of the issue," the men voiced almost unanimous opposition to the city council's handling of fire department affairs.

The men were asked specifically for a vote on the question of vacating the offices of assistant chief, fire marshal, and two battalion chiefs, thereby throwing them open to civil service examination.

The jobs now are held by Arthur J. Bodien and Gus Ford, assistant chiefs; George Field, fire marshal, and August Benassini, battalion chief.

The question was posed by the commissioners, who were asked for a recommendation in a special meeting Sunday morning with Dan Dolan, council consultant on fire department affairs, and Mayor Melford D. Battye.

The entire problem of "too much heavy brass in the department," as Mayor Battye defined it, resulted from appointment by the city council of two "extra" fire officials approximately a year ago. Chief Kennedy yesterday labeled the appointments "irregular, from the standpoints of both civil service and fire department practice."

Numerous requests by the commissioners for a "streamlined" department apparently brought the situation, finally, to a climax. The commissioners' plan, as submitted to the council, was to demote Ford and Benassini, the two 1947 council appointees; maintain only Bodien as sole assistant chief, and leave the two battalion chief jobs open to examination.

Either plan would meet the specifications of a new fire ordinance now pending approval by the city council. However, the validity of both moves has been questioned by various city officials as well as by individual members.

Anthony Gaggero, councilman and vice-president of the county civil service commission, yesterday expressed the view that Bodien's and Field's jobs were stable, by virtue of the fact that they held office at the inception of the civil service system. Their status could not be denied, he continued, except by cancellation of the posts.

On the other hand, authority of the city council to demote the two appointees might be questioned by basic civil service regulations governing length of provisional employment.

Further complications also may arise from failure of the board of review to provide examinations for the two officially unqualified appointees and by failure of the city council to approve classification of the four official posts.

Confusion on the facts of the case reigned over the Monday night meeting. Individual speakers heatedly charged the council with "making political appointments," and with attempting to create dissension within the department by leaving the solution to the men.

"We didn't create the issue," said Captain Fred Bertetta, one of the speakers, "and attempting to solve it now would split the department."

After more than an hour of animated discussion, which saw erstwhile passive firemen take the floor and speak their minds, the assembly returned — not the requested vote — but a "vote of confidence" in their commissioners.

Chief Kennedy said yesterday that the commissioners' plan now is to submit a recommendation to the council to "blanket" the jobs of Bodien and Field, by virtue of long service, and to demote Ford and Benassini, thereby creating two battalion chief jobs and leaving them open for examination.

It would be up to the city council to ratify the recommendation before the proposed "streamlining" ordinance could be endorsed.

Oak. Woman Hurt In Auto Mishap

Mrs. Albert Olsen, 53, of Oakland, was held for observation of possible severe injuries at Junipero Serra hospital this week after an automobile accident last Saturday at Hillside boulevard and Price street.

Three other persons involved were treated for lesser injuries and dismissed.

Mrs. Olsen suffered a fractured clavicle and cuts over the left eye. Others were Albert Olsen, 55, who suffered concussion and bruises of the head; Robert A. McCarty, 28, Vallejo, cuts and bruises, and Mrs. Florence Langhort, 41, Vallejo, who sustained concussion and cuts and bruises.

Former Colma Worker Found Dead On Shore Of Monterey Bay

The body of a man tentatively identified as Frank Rose, or Rosa, of Colma, was found on the shore of Monterey Bay last Sunday.

George Krehl, bailiff of the First Township in Colma, was notified by the Salinas coroner that the body had been washed ashore on the beach of Pacific Grove.

Identification found on the body was that of "Frank Rose, Christensen Dairy, Colma."

Personnel records at the dairy, according to the proprietor, show that a Frank Rose was employed there for a short period at the beginning of last year.

D.C. Business Men Urged To Cooperate In Red Cross Drive

Daly City business men this week displayed the same lack of enthusiasm for the launching of next month's Red Cross drive as they have shown for the past three consecutive years.

Only three business men out of 10 specifically invited to the Tuesday meeting put in an appearance. Arthur J. Bodien, chairman of the Daly City chapter, expressed hope that the lack of attendance would not be significant of the success of the drive.

Another meeting to plan the campaign launching was set for 2 p. m. next Tuesday in the council chambers.

Bodien has announced that a new method of soliciting funds will be employed this year. The city's business men, as well as civic and fraternal lodge members, will be asked to cooperate.

This year's quota, set at $2,500, will have to be reached in two weeks beginning March 1, according to the chairman. Daly City, for the past three years, has failed to reach its quota.

Urging that all lodge members and business men lend their efforts to the drive, Bodien pointed out that the city has fallen far short of its once "remarkable" Red Cross record.

In 1942, with the quota tripled, Daly City was the first city in the United States to go over the top.

Auto Court Mgr. Feted By Tenants

E. C. Jahnke, 50-year-old manager of the New San Francisco Auto Court, was feted by his tenants last Friday night with a surprise birthday party.

About 30 tenants gathered at Jahnke's apartment for the celebration, bearing gifts and party fare. Mrs. Erling Seim, Jahnke's daughter and co-manager, played hostess.

Presbyterian Women Held Washington Fete

Circle No. 5 of the Grace Presbyterian church invited the public to join the congregation at its Washington celebration Thursday night.

Mrs. John Emerson, president, appointed Mrs. George Larson to take charge of the program and the ensuing social hour.

Local Officials To Attend League Dinner

Acting Mayor Melford D. Battye, accompanied by several other local city officials, will attend a dinner meeting for members of the League of California Cities next Thursday night at Palo Alto.

Featured speaker will be Nelson A. Eckart, general manager of the San Francisco water department, according to Arthur J. Bodien, Daly City's water department head.

Traffic Citations Many Last Week

Violations of traffic ordinances while driving were numerous in Daly City during the week ending last Friday. Many such violations, aside from speeding, brought fines in municipal court.

William Core, Frank Krizman, Leslie Chandler, Ethel Wolfe, Leroy Spindler, Nellie Howard and Stanley Flowers paid fines ranging from $1.50 to $2.50 for driving through signals, failing to stop at arterials, driving too slowly, and such violations.

Parking citations brought fines from:

John Dussault, Raymond Hara, Glenn Moore, William McGuire, Richard Schwald, Carl Potter, Edgar Ferguson, V. H. Witcher and Vera Viola.

These drivers paid fines on speeding citations:

Carlos Calderon, $5; William DeYoung, $5; William Miller, $5; William Roberson, $5; Henry Bando, $7.50; Arthur Chapman jr., $7.50; Valerio Demartini, $2.50; Walter Ford, $7.50; Irene Frahm, $5; Walter Howe, $2.50; Ada Moore, $7.50; Leonard Olivier, $7.50, and William Daly, $7.50.

BLOOD DONORS

Three Daly City residents thus far have donated blood to the San Mateo County Blood Bank, according to announcement this week.

Fred Bertetta, J. E. Kennedy and Nell Dorrance are the donors.

"SEND ONE BOX TOP . . ."

The person who hasn't sent in a box top along with a statement of "25 words or less" telling why he prefers super-duper soap flakes or cracky-wacky breakfast food is a strange person, indeed. He is one of the fast diminishing group that has not yet been swept into the whirlwind of prize contests that cause millions of Americans to compete every year for everything from homes to harmonicas. The craze has reached new heights — or should we say depths? Recently there were 20 national contests running at the same time, besides hundreds of smaller ones. Increasing sales competition is the reason for these grandiose give-aways. They are a sure-fire method of keeping a brand name before the public and of stimulating sales. One radio comedian suggested a contest to end all contests. It would work this way: each contestant would send him $10,000. He would then write a letter of 25 words or less telling how much he appreciated the money.

PROGRESS IN THE THEATER

An eastern movie house has put in a sound-proof glass booth where mothers with leather-lunged infants can watch the show while their offspring get a lot of air off their chests.

This innovation has brought forth the suggestion that other booths — equally well sound proofed — be installed for conversationalists, smokers, peanut and popcorn munchers, bubble gum smackers and the like. It has also been suggested that a small section be set aside for those strange people who can watch a picture without talking, smoking, munching or smacking.

THE BOY SCOUTS

Boy Scout Week — February 6 to 12 — serves to remind us of the grand job the Boy Scouts of America are doing in building better citizens of tomorrow.

The more than two million members of this organization in the United States are endeavoring not only to improve themselves personally, but also to help improve their communities, their country and the world. That, in fact, is the theme of this year's anniversary celebration marking the end of the 38th year of Boy Scout activities in this country.

If the principles of Scout teachings were practiced by more people both here and abroad the world's ills would be greatly lessened. Obviously, if everyone sought to do a good deed every day there would be less time and considerably less inclination for mischief making. In other words, we would have a genuine peace.

SOUTHERN "REBELLION"

It isn't likely that the Southern states will desert the Democratic party in protest of President Truman's recommendation for the establishment of civil rights for all citizens.

The cold fact is that the Southern Democrats simply have no place to go politically. They have threatened before to break away as recently as in 1942 and 1944. But nothing came of it.

These political considerations, however, are really unimportant. What is important — and regrettable — is that a Presidential recommendation for putting civil rights into action should meet with such outbursts of opposition.

That the minority problem in the South is a difficult one is undeniable. Most minority problems are. That this problem does not have a simple solution should also be recognized. But we cannot go on denying civil rights to any group solely because of their race. To do so makes a mockery of our aims to establish freedom and equality for minorities in other countries. To do so makes a mockery of the very principles upon which this nation was founded.

THIS WEEK IN HISTORY

Fifty years ago this week on February 15, 1898, the U.S. battleship "Maine" was blown up in Havana harbor killing 260 of its 354 officers and men. The ship had been sent to Cuba to protect Americans in the Cuban rebellion against Spanish rule.

The explosion blew the American people into a rage against Spain and the Spanish were blown out of both Cuba and the Philippines within a few months.

It is known that the Spanish resented the presence of our battleship in Havana harbor, but it has never been definitely proved that they deliberatey destroyed the "Maine."

In 1912 — 14 years after the tragedy — stories appeared in the New York Sun and Boston Herald which gave what was claimed to be a detailed account of how the Spanish planted the mine.

According to these stories, it was the intention that the mine be set off only in case war was declared between Spain and the United States. Cuban rebels learned of the mine, but thought it was anchored too far from the ship to damage it. They set it off believing that the "harmless" explosion would be recognized as a Spanish attempt to destroy the "Maine," and would result in more vigorous American support of the Cuban cause. The rebels miscalculated on the mine's location and the disaster followed. All this, remember, is a version that has never been proved.

Anyway, as far as its effect on the American people, the sinking of the "Maine" was the "Pearl Harbor" of the Spanish-American War.

San Mateo Jaysee In First Place Tie With Marin Team

Winning right along, San Mateo jaysee basketball players are tied with Marin jaysee for first place in the conference standing. Coach Ray Balsley's boys have five more league games to play, with two of them against San Francisco College. This Friday evening San Mateo plays Santa Rosa at San Mateo. Stockton comes to the Peninsula February 20, Placer the 21st, San Francisco the 25th, and then San Mateo will go to San Francisco February 27 to end the season. It may take a play-off with Marin to settle the Northern California JC title.

In the playing of the past week end San Mateo defeated Salinas jaysee at San Mateo in a wild game 54 to 45. Although Salinas went into an early lead, San Mateo led at halftime, 33-23. In the second half San Mateo was never headed, and Bud Goodier, star San Mateo center and leading scorer, ran his evening's total to 24 points.

San Mateo went to Sacramento College Saturday night and won a sharp battle 49 to 33, with Goodier again being leading scorer with 14 points. At half time the score had been tied at 27 all.

Now that the spring semester has started at San Mateo, a number of spring sports will come to the front. Coach Dell Fishback has already started rounding up his track squad, Coach Herb Hudson is signing up baseball players, swimmers and boxers, and Coach "Sy" Bashor has a powerful tennis group practicing right along, with conference matches set for the near future.

Central Creamery Is Redecorated

The Central Creamery, favorite "coking" place for many local high school students, is exhibiting a new face for its youthful clientele this week.

A new paint job and general spring cleaning was completed at the creamery two weeks ago. The new color scheme, featuring Chinese red and off-white, makes the restaurant appear larger and at the same time more "cozy."

The Guaraldi brothers, proprietors, have received innumerable comments on the attractiveness of the red ceiling and white walls. The floors will be renovated, they said, as soon as the necessary paint is available.

Hi-lites In The Jefferson League

By Ralph Capps

Going into the seventh week of a scheduled 24-week Jefferson League series, the race for the lead becomes more and more intense. The Alex Johnson Roofing Co. (formerly the Ringers) have won two more games to put them in a tie for first place with Union Liquors, while the Colma Boys Club and Sportsmen remain unbeaten.

At least one of the four will tumble from the ranks of the unbeaten, however, when next Tuesday night the Colma B.C. meets the Sportsmen. Both teams have exceptionally good material, but the pre-league favored Boys Club is better balanced and should emerge victorious in a close battle. On the same bill, Alex Johnson's Roofers meet an improved Visitacion Club.

Thursday night submits two evenly matched games, Warehousemen (1-2) vs. SBAC (1-2), and the "battle of the cellar," S. B. Lyons (0-3) vs. Army Hilltoppers (0-2).

Last Thursday night the high scoring Colma Boys Club "fast broke" the Army 51-18. The most beautiful shot of the league was made by Art Valverde, former All-P.A.L. center from Jefferson, when, in the closing five seconds of the game, he shot from the mid-court stripe and sent the ball through the hoop with a loud swish. Art was high point man of the night, scoring 13 points for the Boys Club.

The second game was forfeited by the Warehousemen to the Alex Johnson Roofing Co., and goes down in the books as a 1 to 0 win for the Roofers. Not to disappoint the crowd, the Roofers donated two men to the Warehousemen and they played a short exhibition game that ended in an 18 to 18 tie.

On Tuesday night the Johnson Roofers earned the right to claim co-ownership of the league lead, for the time being anyway, by downing the San Bruno A.C. 24 to 15. Long shot artist Johnny Rerecich led the scoring with eight points, while Wright, Johnson, and Kronke contributed to the cause. Huber was high point man for the losers with five points.

In the second game, a nip-and-tuck affair, ended in Visitacion Valley C.C.'s first win. They defeated the San Bruno Lions 32 to 30 in a thriller to the finish. The Visitacion aggregation distributed their points neatly, with Lynn, MacDonell, and Mullins each scoring seven points. High point man for the night was Tom Jow of the losers. Tom scored 11 points.

LEAGUE STANDINGS

	W	L	Pts
Alex Johnson Roofing	3	0	6
Union Liquor	3	0	6
Colma Boys Club	2	0	4
Sportsmen	2	0	4
Eagles	1	2	2
San Bruno A.C.	1	2	2
Warehousemen	1	2	2
Vis. Valley C.C.	1	2	2
Army Hilltoppers	0	2	0
San Bruno Lions	0	3	0

Tuesday: (1) C.B.C. vs. Sportsmen; (2) Roofers vs. V.V.C.C.

Thursday: (1) Warehousemen vs. S.B.A.C.; (2) S. B. Lions vs. Army.

New Chev. Trucks Featuring Added Improvements

Two mechanical devices which contribute importantly to driving ease are among features disclosed today on new 1948 Chevrolet trucks.

They are the steering column gearshift as standard equipment on all models equipped with three-speed transmission and a four-speed synchro-mesh transmission on heavy-duty trucks. Both are firsts in the truck industry and highspot improvements that assure greater comfort, safety and reliability.

Announcement of the new series by J. W. Burke, manager of the Chevrolet truck department, follows one of the most successful truck years in the company's history. Domestic truck sales in 1947 established a new Chevrolet peak while production of 335,344 units was close to the previous all-time record.

The new series is the first since the company's Advance - Design models pioneered in the low-price market, the wide, spacious cabs that have won universal acclaim. Blanketing the light, medium and heavy-duty truck categories, the line contains 107 models on eight different wheelbases.

The steering column gearshift is standard on all models with payloads up to 2,100 pounds. Combined with a newly designed foot-operated parking brake, the innovation makes possible a cab floor clear of obstructions. This is a safety as well as a comfort factor.

Engines powering the 1948 Chevrolet trucks have been appreciably improved. Engine bearing life, to illustrate, has been more than doubled. Crankshafts are heavier and more rigid. Main bearings are new and precision-built. Still another aid to simplified servicing is a new valve stem oil seal.

While the new four-speed synchro-mesh transmission draws top billing, other parts of the chassis benefit by refinements. Particularly engineers have added increased safety margins so that performance will meet exalting standards even under the most adverse conditions.

SPORTS

D.C. Club Takes S.B. Newell's, 4-3

Daly City Baseball Club won its first game of a three-game series last Sunday against Newell's of San Bruno, by a score of 4-3.

It was one of the best games ever witnessed at Marchbank Park, with Lefty (Wade) Hazel, star pitcher for the locals, allowing but five scattered hits. Newell's scored its three runs in the first inning, but the D.C. nine bore down and kept the San Bruno team from scoring again.

One of the most sensational catches in many a moon was made by Neil Pezzola, first baseman. Fred Lucia at short prevented runs from scoring by two other beautiful catches.

The local boys scored one run in the third and one in the fourth, bringing the score to 3-2 in the last of the seventh. Dick Schultz, who got three for three, hit a single to center. Then Herman Sick, who has had his eye on that right field wall for some time, finally sent one up on the bank for a home run to score Schultz ahead of him.

In the ninth, with a Newell man on third for the tying run, Harry Krohn used some baseball strategy at home plate. Knowing the squeeze play was on, he called for a ball and trapped the runner from third, then threw the ball to Schultz for the second out. The next man was out six to three.

Herman Sick blasted a fast ball for a home run to win the game for the locals.

Next Sunday the D.C. club plays at San Bruno in the second series game at 1:30 p. m.

Pac. Tel. & Tel. Co. New Construction

New construction by the telephone company last year (1947) in San Francisco and East Bay reached an all-time high of $30,000,000 according to Lyle M. Brown, division manager for the company. He said that the program has affected every central office in the Bay Area in direct equipment additions, building additions and installations, or in enlargements of cable facilities.

Gross plant additions throughout the Pacific Coast during 1947 amounted to about $200,000,000 he said, and it is expected this will be exceeded in 1948.

This record expansion program was made necessary because of this growing community's ever-increasing demand for more service. Originating telephone calls in San Francisco and East Bay at the year's end totaled more than 3 million daily — an increase of almost 150,000 per day since the previous year. Long distance calls advanced to a daily average of 95,000. The number of telephones in service climbed to almost 643,000 — an increase of almost 50,000. While new applications exceeded the completed orders during the early part of the year, as the construction program took effect this trend was reversed. The backlog of held orders was whittled down from 37,956 in January of last year to 18,354 by the end of the year — a decrease of 19,602.

Newly-completed building projects in San Francisco included the two-story Montrose building on 19th avenue, and the third-story addition to the Graystone central office at 1145 Larkin street. Well under way is the new eight-story steel frame Mission dial central office building at 25th and Capp streets, the addition of two more floors to the present two-story Market office at 1 McCoppin street, plus a new four-story and basement structure in the rear of the building. The latter, when completed, will clear the backlog of applications for service that are being held for lack of central office facilities in that district.

An important sidelight on Bay Area telephone expansion was the introduction of the metropolitan plan of telephone numbering requiring the addition of a numeral to all central office names.

To the wife of Robert N. Storie jr., 599 San Diego street, February 2, a daughter.

To the wife of Vernar E. Tranberg, 201 Santa Barbara avenue, February 4, a son.

Folk Dancing Classes To Be Sponsored By Girl Scout Council

A new two-month series of folk dancing classes for both children and adults is being planned this week by the Daly City - Colma Girl Scout Council.

The classes will be offered each Thursday from 7:30 to 9:30 p. m. during the months of February and March under the direction of Mrs. M. Pabst. The Scout House at 101 Parkview street will be the locale.

Girl Scouts of Patrol No. 2, Troop 2, spent their meeting last week working on plans for the series. Their play hour was spent making toy dogs out of washrags, with ribbon features.

A total of $1 was collected for camp saving stamps.

There isn't always room for one more

Aboriginal Annie has reached the height of her social career—if those neck ringlets mean anything. There just isn't "room for just one more."

And likewise, a good many of today's homes—even the new ones—have reached the height of their electrical careers, simply because they are so inadequately wired. There just isn't room for one more electrical appliance without overloading the circuits and blowing fuses.

If you plan to build or modernize your home, *insist* on Adequate Wiring to guarantee yourself maximum comfort and convenience in this era of electrical living.

To insure peak operating efficiency of *all* your appliances. "Adequate Wiring" requires:
enough switches
enough electric outlets
enough circuits
heavy enough wire throughout

Tell your architect or building contractor *you* want Certified Adequate Wiring.

March 15th Is Deadline To File Your Income Tax

Most wage-earners may choose etween their Withholding Statements, given them by their employers, and the Form 1040, secured at any Internal Revenue office for use in preparing income ax returns.

Anyone whose total income was nder $500, with not more than 100 from other wages, dividends r interest, may use the Withholding Statement. This same rule pplies to the combined income of harried couples, whether one or oth worked during the year.

While there is no place for deductions on the Withholding tatement, your tax is figured by he Collector from a table which utomatically allows ten per cent f the total income for deductions.

When husband and wife both ork, and elect to use the Withholding Statement as a tax reurn, only one Withholding Statement, preferably the husband's, hould be used as a return. The ax will be computed on either the separate or combined basis, whichever gives you the smallest tax or the largest refund.

If a taxpayer has worked in more than one position during the year, all Withholding Statements should be attached to the Employer's Statement as of December 31, the one to be used as a return. In case one of the Statements has been lost the return must be filed on Form 1040.

Any taxpayer may use Form 1040 as a return. They must use it if their income exceeds $500 from sources on which no tax was withheld. Form 1040 must be used if more than $100 of income not subject to withholding tax was received during the taxable year and the total earnings are $500 or more.

When deductions exceed ten per cent of your income you will save money by using the "long form" return, Form 1040.

FOLLOW SPECIFICATIONS

Always follow the insistence of the maker of your brake system upon a specified fluid. Much damage has been done to parts of the system by the use of other liquids. It is best to follow the factory specifications at all times.

Armed Forces To Participate In Portola Festival

Full cooperation between the October 1948 Portola Festival and Pageant and the United States Armed Forces was assured today with the announcement by Cyril Magnin, president of the fete, that Major-General Walter C. Sweeney, U.S.A. (retired), had named various military units to participate in the celebration.

"I have secured favorable response from the commanders of the Armed Forces," said General Sweeney. "Each branch of the service has delegated a high ranking officer to work with me in coordinating a representative program to be staged this fall during the Festival."

General Sweeney said plans call for an impressive demonstration of the part played by the services in the defense of the United States.

Fleet maneuvers, marching units, a display of new weapons, an air show, and other activity is planned to add to the varied program of the Festival which includes opera, sports, parades, and a gigantic carnival — all to commemorate the discovery of San Francisco Bay in 1769 by the Portola Expedition.

Following are the officers appointed to assist Gen. Sweeney:

Sixth Army, Col. Francis H. Oxx; 12th Naval District, Capt. T. R. Wirth; 4th Air Forces, Major James E. Johnston; U. S. Coast Guard, Capt. Gordon A. Littlefield; U. S. Marine Corps, Capt. James D. Jordan.

Heavy Coal Users

Railroads consumed 22 per cent of the total bituminous coal production in 1945.

INSURED VETS

Every man and woman who served 90 days or more and was in the military or naval service on or after September 16, 1940, and who died after being discharged is insured under an amendment of the Social Security Act. Thus even people who have never worked under Social Security, if they are veterans of World War II, may be insured under this amendment.

Their survivors should contact the San Mateo Social Security office, 22 North B street, to file applications for their social security insurance.

Water-Repellent Hats

American-made synthetic straw hats as well as handbags treated with a water-repellent so that light showers will be shed and finger smudges can easily be sponged off has been developed.

Frozen Foods
When frozen food has been thawed it should not be refrozen, food utilization specialists of the State Extension service point out. Refreezing not only decreases the flavor and food value, but offers chances for spoilage organisms to flourish.

NEWS COLUMN FOR THE VETS

More than a half-million World War II veterans, 14 per cent of them residents of California, in 1947 bought homes of their own with the aid of Government-guaranteed loans under the G. I. Bill, Veterans Administration records reveal.

VA said 540,000 GI home loans were made to veterans during 1947 compared with 410,000 in 1946. This brings to 1,056,771 the total number of G.I. home loans approved since the program started late in 1944.

In California 76,585 veterans received home loans in 1947 valued at $594,193,000, bringing the total since the program began to 122,165 valued at $942,216,000.

Reviewing the past year's loan transactions, VA found that the average home cost the veteran $400 more in California. The average California G.I. home carried a price tag of $7,700 while the national average was $7,300.

Four out of every 10 veteran-purchasers paid over $8,000 for their homes and one in 20 upwards of $12,000.

The million-plus veterans who have received guaranteed home loans thus far have established an enviable record in meeting their mortgage obligations, VA said. In only 1,150 cases, including 46 in California, have lenders filed claims against loan guarantees posted by the government.

Of the total home loan mortgages valued at well above six billion dollars, nearly half of which is guaranteed or insured by VA, claims paid to date total slightly over a million dollars. Even this relatively small amount is subject to reduction as properties securing the loans are liquidated.

Eligible veterans, estimated to number more than 14,000,000 still have nearly 10 years in which to exercise their loan guarantee rights under the G.I. Bill. Real estate loans carry a government guarantee of 50 per cent of the amount of the loan, up to a maximum guarantee of $4,000.

Question: Why is it I can't get a reply to a letter I wrote Veterans Administration several months ago?

Answer: In all probability your letter is one of the many that does not give sufficient information to identify you. In many instances, research must be made before the writer is identified, the claim acted on and a reply sent out. It is estimated that about 20 per cent of all letters received by VA do not give sufficient information for identification.

Question: May a veteran receiving disability compensation receive at the same time subsistence allowance under Public Law 346?

Answer: Yes.

BLOOD DONATION SAVES LIFE OF YOUNG MOTHER

Loyd Harbin of 233 Sylvan avenue, San Bruno, answered a midnight call to become a blood donor at the San Mateo County Blood Bank and thereby saved the life of a young mother, it was disclosed today by blood bank officials.

Two nights ago, physicians in attendance on the young mother put in their midnight call to the bank for a pint of the rare 4 O Rn negative type of blood. Night calls for the blood bank are taken at Mills Memorial hospital. An attendant there, following usual procedure in such emergency cases, notified various members of the blood bank staff who responded at once. They in turn, called on Harbin who five times previously had given of his rare type of blood for emergency transfusions.

Within one hour and 15 minutes after the first call had been received the blood had been drawn from Harbin, processed at the bank and transfused to the young mother in a local hospital. She is now on the road to recovery.

Many Thousands Of Buick Cars Are Now 18 Years Old

Nearly 97 per cent of the Buick automobiles produced and sold in the United States durning the last 10 years are still in operation, a tabulation of registration figures disclosed today.

The survey, completed recently by Buick Motor Division analysts, showed that of the 1,475,483 cars produced in the last 10 years, 1,424,999 or 96.6 per cent are still in operation, according to registration figuresreceived from each of the 48 states.

Harlow H. Curtice, Buick general manager,disclosed there were 1,928,619 Buicks registered in the United States last year, of which nearly 50,000 were at least 18 years old. Buick has produced more than 4,800,000 cars in its 45-year history.

Curtice said the tabulation of automobile registrations indicates that Buick ownership has reached "the highest level in history."

HELP FOR WIDOWS

Do you know a widow, or orphan, or parent of a veteran of World War II who has died after being discharged from military service? If you do, tell them to contact the Social Security office at San Mateo. They may be entitled to survivors insurance payments under a recent veterans amendment of the Social Security Act. All veterans, even if they never held a social security card may have been insured under this amendment, if they died within three years after discharge. Their survivors should file applications for their insurance at the San Mateo Social Security office, 22 North B street.

Jonathan Rowell Gets AFL Backing In Congress Race

Jonathan Rowell, Redwood City attorney, last week won endorsement by the San Mateo County United AFL Committee as a Democratic candidate to oppose Congressman Jack Z. Anderson.

Rowell won the nomination over Oliver Todd of Palo Alto, only other contender.

The World War II veteran, son of Chester Rowell, former liberal Republican editor of the San Francisco Chronicle, has been placed in a position to win unified support, if the Santa Clara county committee and the Eighth District Democratic party agree.

The San Mateo County UAFLC was to meet with Santa Clara units last night in Redwood City, preparatory to tomorrow night's meeting with the Eighth District Democrats in San Jose.

"LINE STRADDLERS"

Don't be a "line straddler," advises the public safety department of National Automobile Club. Keep within the proper lane and contribute to highway safety.

The Public Welfare Department of the City and County of San Francisco handled an average of 13,443 cases per month during 1946.

The common law of the Union of South Africa is the Roman-Dutch law — that is, the uncodified law of Holland as it was in 1806.

The establishment of boundaries between the States is recognized as part of the legitimate work of the U. S. Coast and Giodetic Survey.

The Chief Administrative Officer of the City and County of San Francisco is in charge of the principal service departments.

Pitcairn Island was discovered in 1767 by Carteret but remained uninhabited until occupied by the mutineers of the H.M.S. Bounty.

SERVICE STATION CHANGES HOURS

The Daly City Super Service Station, located behind the Bank of America building, is opening for business at 7 a. m. and staying open until 10 p. m. on week days.

On Sundays and holidays hours will be 8:30 a. m. to 9 p. m., according to Joe Lewkowitz, proprietor.

Lincoln did not originate the phrase "of the people, by the people, for the people." Theodore Parker in his address before the Anti-Slavery Society on May 13, 1854 used the phrase "of all the people, by all the people, for all the people." Later he condensed the phrase to the form in which it is known and in which Lincoln used it. Daniel Webster in 1830 used a similar phrase, "the peoples' government made for the people, made by the people and answerable to the people."

Supervisors Ask For Freedom Train Stop

The San Mateo County board of supervisors this week endorsed a resolution urging the directors of the Freedom Train to arrange a stop in either Burlingame or San Mateo.

In a Tuesday night session, the board instructed County Clerk William A. Augustus to write a letter urging that such a stop be arranged.

Systematic mining of coal was first undertaken in the 15th century in the Newcastle district and on the Firth of Forth, in England.

Rent Advis'ry Board Continues Action For Rent Increases

The San Mateo County Rent Advisory Board this week was awaiting answer to a resolution calling for rent increases proportional to increased taxes since 1942 and increased cost of maintenance since that time.

The resolution was a compilation and restatement of previous motions defeated by the San Francisco board in its rejection of the "San Mateo resolution."

Copies of the document were sent to the congressional committee on banking and finance; to Senator William F. Knowland; to Congressman Jack Z. Anderson; to Tighe Woods, national housing expediter, and to Ward Cox, San Francisco rent administrator.

The San Mateo County board also is seeking separation from the other eight Bay Area boards.

SURVIVOR INSURANCE

If you know any families of veterans of World War II who died after being discharged from military service, tell them to contact the Social Security office at 22 North B street, San Mateo. They may be entitled to collect survivors insurance under a recent veterans amendment of the Social Security Act, which gives them insurance credit for their military or naval service. Claims must be filed to get it.

Explorer Tells Of 'Rays Of Medicine'

Liberation of minute quantities of atomic energy within the human body opens tremendous possibilities in medical research, the University Explorer reports in a broadcast on "Rays of Medicine" at 11:15 a. m. Sunday, February 15, over the Columbia Broadcasting System.

Scientists today are using radioactive materials for "tracer" work to study body functions and to treat such diseases as arthritis and cancer. Authority for the program is Dr. John H. Lawrence, head of the division of medical physics on the Berkeley campus of the University of California.

The basking shark grows to a length of 45 feet and a weight of four tons.

An oyster shell a foot long is part of the exhibit in the shell library at Stanford University.

Total cash farm income from poultry production in California in 1946 was $143,397,000.

Dire Emergency In Power Supply Says P. G. & E. Head

An appeal to the public to conserve power in every possible way was made recently by James B. Black, president of the Pacific Gas and Electric Company, who said the lack of rain and snowfall and the unseasonal irrigation pumping load have brought about an emergency in the state's power supply. Ways in which the public can cooperate in the curtailment are being announced by the company through newspaper advertisements and radio announcements. Mr. Black's statement follows:

"Some time ago I called attention to the effect on the power supply of the deficiency in precipitation this winter and particularly in the amount of snow on the ground, which is relied upon to maintain stream flow in the late summer. I stated that this deficiency, combined with inability of manufacturers to deliver needed electric generating equipment on schedule, plus the rapid growth in demand, had created a very serious power problem for the next nine months.

"We are just now receiving the first large turbo generating unit which was ordered when our construction program was initiated in 1945. It is expected that this unit of 100,000 horsepower will be installed and placed in operation in our new Kern plant near Bakersfield in April. Although 525,000 horsepower of new generating capacity will become available in Company plants in the next twelve months. In addition, during the same period, at least 200,000 horsepower will be placed in operation by the Bureau of Reclamation at the Shasta and Keswick plants of the Central Valley Project.

"This very large addition to the generating capacity to be brought in during the next twelve months will total more than twice the expected growth in power demand in this area. With the additions to our transmission and distribution system now under way it should give the area adequate facilities at the end of the twelve months period.

"Because of the record drought there is an abnormal irrigation pumping load in the agricultural areas. In Northern and Central California this unseasonable load now approximates 200,000 horsepower and comes at a time when under normal conditions our system load would be decreasing and we would be in a position to remove units of our various plants for annual overhaul and repair. The light rains of the last two days have provided no appreciable relief.

"The situation in the valleys would, of course, be relieved by heavy rain. Until such relief does come we must ask our customers to curtail their use of electricity in every possible way. Our customers can be assured that we have done and will continue to do everything possible to meet the problems brought about by the record drought."

No. 44968, Dept. No. 1

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO

Action brought in the Superior Court of the State of California, in and for the County of San Mateo; and the complaint filed in said County of San Mateo in the office of the Clerk of said Superior Court.

MAUDE JACOBSEN, Plaintiff, vs. OLAV JACOBSEN, Defendant. THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO:

OLAV JACOBSEN, Defendant.

You are hereby required to appear in an action brought against you by the above named plaintiff, in the Superior Court of the State of California, in and for the County of San Mateo, and answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this Summons, if served within said County, if served elsewhere within thirty days.

And you are hereby notified that if you fail to so appear and answer, the plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract or will apply to the Court for any other relief demanded in the complaint.

Witness my hand and the Seal of the Superior Court of the State of California, in and for the County of San Mateo, this 22nd day of January, A. D., 1948..

ALWAYS GIVE SIGNAL

"Don't forget that rear view mirrors have not eliminated the need for giving signals," warns Bert Stewart jr., public safety director for National Automobile Club. "Many a motorist does forget it. He looks in his mirror and sees nothing immediately behind him and assumes that any maneuver may be made safely. The point overlooked in such a case is that the mirror does not show what is off to the immediate right or left at the rear of one's car."

U. C. Expedition Reports Rare Fossils

Fossil specimens which bear on one of the most critical of the many unsolved problems of natural history, the "missing link" between reptiles and mammals, have been unearthed by the University of California African Expedition in South Africa.

Finding of the fossils in the Karoo Desert, near Bethlehem, Cape Province, was reported by Dr. Charles L. Camp, director of the University's Museum of Paleontology and supervisor of the expedition's South African parties. The report was contained in a letter to Dr. Samuel P. Welles, acting director of the museum in Berkeley. The fossils were unearthed by Dr. Camp and Dr. Frank Peabody, paleontologists with the expedition.

The fossils are reptiles, technically known as Therapsida, which gave rise to the earth's mammal forms including man.

The Therapsida began to form nearly 200 million years ago, toward the end of the age of amphibians, out of the same stock from which the dinosaurs came. Doglike in form, there were the most mammal-like of all the reptiles.

KEEP BULBS SPOTLESS

"Finger prints are out of place on headlight bulbs," states L. G. Evans, general service manager for National Automobile Club. "One should be careful when installing new bulbs to wipe them clean. Even the mark of one's finger will reduce lighting efficiency."

ACCIDENTS

There were 20,514 reportable accidents and 32,872 persons injured on California's rural roads and highways during 1947, reports the National Automobile Club. These figures represent an increase of 4.37 per cent and 3.18 per cent respectively over those for 1946.

VALENTINE'S DAY

Valentine's Day doesn't belong exclusively to the kids. At least, it shouldn't. It's fine for them to enjoy the fun, to exchange puppy love messages and all that, but there's no reason why the grown-ups shouldn't "get into the act."

What we have in mind is that more married couples should use the occasion to re-kindle the flame of romance. A little thoughtfulness on the husband's part in giving his wife a box of candy, or a few flowers, or in taking her out to dinner would go far in this direction and would make the day one to be pleasantly remembered.

And, incidentally, it's not a bad idea to practice these little niceties during the year — with or without a special occasion.

CLEAN THE CLEANERS

Car owners have a way of forgetting that cleaners have their limitations, that they will pick up just so much dirt. At least once a year, the cleaners should be cleaned or, in the case of the non-cleanable types, filtered elements should be replaced.

CASH FOR YOUR HOME

Regardless of condition or age of your home, we'll pay spot cash for it now! If you've considered selling, you'd better act now, while values are at their peak.

We've put in 2¼ MILLION TELEPHONES since V-J Day

1. We had to break records...and we did. Today we're serving over one-fourth more telephones than at the war's end—a net gain of three-quarters of a million. And, since every day many customers move, we actually had to install more than two and a quarter million telephones to make this gain.

2. Complex splices like this—thousands of them—went into the two million miles of wire we've put in. And that's only part of the story—more than 200 new buildings or additions...complex new switching equipment in almost all our buildings... these and other facilities are being added in the face of sharply rising costs and tough supply problems.

3. We're still working against time. Orders continue to flood in. To fill service needs we're adding facilities at the rate of more than half a million dollars a day—every day. A huge investment, yes. But telephones have been going in as never before in the West. And as the system grows, your telephone service becomes more valuable still.

4. Where does the money come from... millions of new working dollars needed to extend and improve service? Millions must come, not from telephone bills, but from thousands of people who put their savings to work in the telephone business. To attract these working dollars, we must pay a reasonable amount for their use. This requires the sale of our services at fair and adequate prices.

The Pacific Telephone and Telegraph Company
more than 65,000 people working together to furnish ever-better telephone service to the West

FIRE FIGHTERS FACTS

By Mel Hanson
Publicity Chairman

Vol. 1, No. 23

Vets Hold Initiation

The Veteran Firemen's Association of Daly City held an initiation last Friday evening at the Veterans' hall on Santa Barbara avenue.

The meeting and initiation was under the direction of President Fred Mather.

Three of the candidates are from Company No. 6 and one candidate is from Company No. 1.

After the initiation a buffet lunch was served by Chef Remi Saunders.

Banquet a Huge Success

The Veteran Firemen's Association of Daly City held its 22nd annual banquet at the Company No. 2 fire station last Saturday evening.

One hundred and two members and guests were present to pay honor to the outgoing president, George Ford, and to the incoming president, Fred Mather.

Highlight of the evening was the presentation of the past president's medal to George Ford by Al Sundstrom, chairman of the banquet committee.

Among the guests present were County Supervisor Thomas Hickey, Mayor Melford Battye, Councilmen Tony Gaggero, Howard McHugh, and Edward Dennis.

A number of guests were also present from the Veteran Firemen's Association of San Francisco.

Just before the dinner was served and as the members and guests stood around the tables, Chaplain H. H. Smith said a prayer in memory of our departed comrades. As the prayer ended, Secretary Gus Ford read the list of departed comrades. Veteran Fireman Harry Anderson of the San Francisco Veteran Firemen's Association sang "Taps" and a one-minute silence ended the ceremony.

A turkey dinner with all the trimmings was then served, and between courses several short talks were given by members and guests.

These banquets are held mainly to pay honor to the outgoing and incoming presidents, but it is also a time and place for old comrades to meet for a good time and exchange happenings of the past year.

Members look forward from one year to the next for such a banquet.

Chairman Al Sundstrom is to be complimented for the fine time everyone had at this banquet.

Stop Fires — Save Grain

With the grain and other flour food stuffs so necessary for survival in this world, we find in an article written by the National Board of Fire Underwriters that fire in grain elevators, flour mills and other food processing plants have increased 50 per cent in the past year.

The National Board of Fire Underwriters has issued a special bulletin urging those concerned with the growing, handling or manufacture of food to correct all fire hazards. Fire departments are urged to intensify their inspections of establishments handling grain.

Marshal's Inspection

Chief Fire Marshal Jack Field and several of his deputies made a routine inspection of local restaurants, hotels and rooming houses some time ago and in one of the rooms in a rooming house the marshals saw this sign and got quite a laugh out of it:

Please clean tub
After bathing
Landlady

County Hospital To Get T.B. Subsidy Payments

San Mateo County Community hospital this week became the first general hospital in California to be allotted tuberculosis subsidy payments.

Approval of the payments by the California State Board of Public Health was announced Monday by Dr. Harold Marks, hospital superintendent and county health director.

The hospital will receive approximately $1,000 monthly, Dr. Marks said, or $2.40 per diem per capita.

Approximately 15 patients are treated each month at Community hospital for tuberculosis.

Linda Lee Bodmer Christened Sunday

Two-months-old Linda Lee Bodmer, daughter of the John Bodmers of Heather road, Broadmoor Village, formally received her name last Sunday in an afternoon ceremony at Holy Angels church in Colma.

The Rev. James McElligott officiated.

Godparents were Miss Doris Vernengo, Linda's aunt, and her uncle, Bill Bodmer. Her grandparents are Mr. and Mrs. Charles Vernengo and Mr. and Mrs. Adam Bodmer of Ironton, Ohio.

A large group of relatives and friends gathered for the ceremony and for the reception which followed.

Local Man Dies Of Heart Attack

Paul Eric Erdman, 40, was found dead in the hall outside his room at 309 Hillside boulevard shortly after midnight last Thursday.

Erdman was pronounced dead by Dr. Lawler A. Drees, who was called to the scene by the Daly City police department. Autopsy by Deputy Coroner B. J. Lasswell revealed that death resulted from a heart ailment.

Erdman, a bachelor, had been under treatment by a local physician for heart trouble.

The deceased was a native of Berlin, Germany.

Funeral services were conducted by Julius S. Godeau Co., San Francisco. Interment was in Cypress Lawn cemetery.

Myrna Ihrie Tells Troth To B. Pawson

Seven diamonds in a gold basket setting adorn the hand of Myrna Ihrie, daughter of Mr. and Mrs. D. H. Ihrie and bride-elect of Bill Pawson.

Myrna, who will be graduated from Jefferson high school in June, says the wedding is set for August 6.

The benedict-to-be, son of the W. A. Pawsons of Sickles avenue, San Francisco, is a graduate of Sacred Heart. A merchant marine during the war, he is presently employed by the telephone company.

And in one of the restaurants a sign read: "Wanted: Man to wash dishes and two waitresses."

White Wedding --- M. Olcese Becomes Mrs. Guido Beroldo

Miss Mary Olcese, daughter of Mr. and Mrs. John Olcese of Colma, was escorted by her father down the aisle of Holy Angels church last Sunday to meet Guido Beroldo at the altar.

The bride, gowned in bouffant skirted white satin, carried an arm bouquet of orchids, carnations and bouvardia. Her net veil was brief, and her sleeves tapered.

Mrs. George Schenone, the former Elsie Olcese, was matron of honor for her sister. May Landis, of Millbrae, and Lorraine Lavagnino were bridesmaids. Pale shades of yellow and green were combined in the attendants' gowns and matching hair bandeaus. Each carried a shower bouquet of yellow roses.

Amando Ferraris performed the duties of best man, while Albert Delucchi and Nick Sofioto showed guests to their seats.

Mrs. Olcese chose a beige suit with navy complements for her daughter's wedding, while the bridegroom's mother, Mrs. Maria Beroldo, donned a dress of slate grey.

Approximately 80 guests gathered after the ceremony for a wedding supper at the Riviera. When the young Beroldos left on their honeymoon trip to southern California and Old Mexico, the bride was wearing a rust colored suit with green accessories.

Mary, a 1945 graduate of Jefferson high school, has been employed at the Metropolitan Life Insurance office.

The benedict, a veteran of three years' army service, attended Commerce high school. He is now engaged in ranching in Colma.

The newlyweds will make their home on Station avenue.

Prominent Daly City Woman Dies Jan. 23

Funeral services for Mabel G. McNally, 75, who died January 23 after a lengthy illness, were held January 26 from the chapel of W. C. Lasswell and Co. mortuary.

A native of Rhode Island, Mrs. McNally had resided in Daly City for more than 30 years. She was a graduate nurse, and the wife of Richard McNally, Daly City's first pharmacist, who preceded her in death by 25 years.

In her later years, Mrs. McNally was a familiar figure at the registration desks each election time. She was an active member of the Episcopal church.

Survivors include a son, Donald A. McNally, and a sister, Mrs. Maude Munster of Rhode Island.

Interment was in Olivet Memorial Park.

AUTO REGISTRATIONS

California's automobile registrations for 1947 show an increase of 11 per cent over those for 1946. In 1947 there were 3,072,214 automobiles registered as compared with 2,767,772 in 1946.

OFF THE BLOTTER . . .

Two private residences and one service station were ransacked in successful robbery attempts during the past week, according to reports received by the Daly City police department.

N. L. Ranella, 622 Niantic avenue, reported the theft of a jar containing about $18 in currency. The thief, who reportedly broke the lock on the basement door, did not take a valuable wrist watch and other personal belongings.

The Earl Proschold residence showed signs of hasty ransacking when the theft of $22 cash and an expensive pen and pencil set was discovered.

Entrance apparently was gained through a basement door.

A store of about 150 junk batteries was the only thing found missing after burglars broke into the Union Oil Station at School street and Junipero Serra boulevard last Friday night.

Another theft was reported to police Sunday by D. E. Wiederman, 299-B Miriam street. Wiederman said a pair of seal beam headlights had been stolen from his car, which was parked in front of his home Saturday night.

Five persons were taken to Junipero Serra hospital for treatment as the result of auto and home accidents during the week.

Frank Carey, 48, of Eureka, was given ambulance transportation to the hospital when police were notified by a friend that he was sick. Carey had been visiting with Daly City acquaintances when he became ill.

Oscar Ginsberg, 444 Santa Barbara avenue, was taken to Junipero Serra hospital for treatment when he mistook Bichloride tablets for medicine pills.

Miss Elsie M. Fratney was treated at Junipero Serra hospital Saturday for back injuries sustained in a fall at her home in Colma.

A San Francisco woman, injured in a fall at Santa Barbara avenue and Los Olivos, was taken to the hospital for treatment.

Police took a 21-month-old child to the hospital for treatment of injuries sustained in an auto accident in the Park Merced district.

Three automobile accidents in Daly City during the week caused property damage in varying degrees to all cars involved.

An accident February 4 at Mission street and Vista avenue caused damage to cars driven by Chester Hemilt, Colma, and William Freeman, 369 Knowles avenue, Daly City.

Slight property damage resulted from an accident last Thursday between cars driven by George Wesch, Burlingame, and Amos Kinney jr., Brisbane, at Market and Mission streets.

Cars driven by Lester Bernard Johnson, San Francisco, and Harvey A. Pickett, Michigan, were damaged in an accident Saturday at Junipero Serra boulevard and Westlake avenue.

Serra High Dads Plan Benefit Carnival In May

A large group of Serra High Dads' club members held a special meeting at the high school this week to map plans for their annual carnival Sunday, May 16.

Mrs. J. Loretz and M. McCormick were named co-chairmen of the affair. Proceeds of the Carnival this year will be used for the development of the athletic and library programs of the school.

Varied Program To Feature H.S. PTA Founders' Day

The executive board meeting for Jefferson Union High School P.T.A. was held at the home of Mrs. Emma D'Isep, 884 Templeton avenue, on Thursday afternoon, February 5. Mrs. D'Isep, assisted by co-hostesses Mrs. Frances Haussler and Mrs. Frieda Cady, served luncheon.

Mrs. Eve Hobbs, president, conducted a short business meeting after the luncheon, when plans were completed for the Founders' Day program to be held at 8 p. m. next Tuesday at the high school auditorium. The pledge of allegiance will be led by the Boy Scouts.

Stanford Hannah, superintendent, will give an address of welcome and the high school orchestra will render a musical selection. After the introduction of unit presidents and past presidents by Mrs. Hobbs, the Mother Singers will present vocal selections.

Mrs. Stella Jensen, chairman for the Founders' Day program, will introduce a play to be presented by members from all the units of this district. The program will end with music by the high school orchestra and refreshments in the cafeteria.

Two life membership pins will be presented by the association.

It was recommended at the board meeting that Hannah receive a note of thanks from the unit for the informative annual report by the district superintendent which was sent to the members.

Mrs. Carol Freeland asked the unit's co-operation in supporting a whist party to be held by the Mother Singers in the very near future.

The next executive board meeting will be held Thursday afternoon, March 4, at the home of Mrs. Julia Peterson, 23 Woodrow street, with co-hostesses Mrs. Stella Filarski and Mrs. Carol Freeland.

Nadine McDonnell And Dick Little Tell Engagement

Early fall nuptials in San Francisco will see the marriage of another young local pair — both Jefferson High alumni.

Nadine McDonnell, daughter of the A. McDonnells of Willits street, announced her betrothal to Dick Little last Saturday night at a dinner-dance honoring Bill Freeman.

The benedict-to-be, son of Mrs. Thelma Little of Ottilla street, is a veteran of two years' service as a Marine.

Nadine, who was graduated from Jefferson with the class of '44, is employed in the office of the Dental - Medical Center in Daly City.

Holy Angels Rec. Team To Play In S.S.F. Sunday

The Holy Angels Recreation League baseball team will compete with South San Francisco's Rough Riders Sunday in an independent game there.

The game, slated for 1:30 p. m., will feature Faustino on the mound for the Angels, and Castro for the Rough Riders. Baher will catch for the local nine, and Provancho for S.S.F.

Doris Vernengo And Frank Rehe Are Engaged

Something had been added when Doris Vernengo, daughter of the Charles Vernengos of Bellevue avenue, showed up for work Monday morning at Hale Brothers'.

On the third finger of her left hand, Doris was wearing a diamond — given to her Sunday night by Frank Rehe jr.

The bride-elect, a graduate of Jefferson high school, attended San Mateo junior college. She is a member of Native Daughters and of the Goodfellows Club.

Frank, son of Mr. and Mrs. Frank Rehe sr., is a veteran o six years in the navy submarin service. An alumnus of Balbo High, he is the pilot of "The Fly ing Tiger," a private plane whic he owns jointly with his father.

Wedding plans are tentative fo next year.

Drop In Milk Price Is Urged

Representatives of various re tail food markets in San Mate county last week reversed a hear ing on a proposed one cent raise i milk prices and urged that th Sate Bureau of Milk Control en dorse a reduction.

R. W. Blackburn, milk relation specialist, told the bureau tha milk prices could be reduced thre cents a quart and still leave reasonable profit. Blackburn wa spokesman for Safeway Stores Inc., and Lucerne Milk Company.

Earlier in the week, at a hearin in Redwood City, a representativ of the bureau had urged an in crease in milk prices in the amoun of one cent per quart — bringin the price up to 19 cents for store and 20 cents for deliveries.
